Rebug 4.84.5 Rebug 4.84.5 is the current REBUG 4.84 update of CFW, and this is the one I would recommend, as it is the current version, meaning that the updates available (e.g. add-on games, etc.) will be the most recent (as of this date). This update is the latest update available, meaning that it will incorporate any future updates from the developers of the CFW, meaning, that it will probably be the last update available, so you should update to this, or use it on a newer PS3 to maximize compatibility with the newest add-on software. Install REBUG update 4.84.5 Is there a way to download any new updates to REBUG 4.84.5 CFW onto my flash memory? Simple question - Is there a way for REBUG update 4.84.5 CFW to be downloaded and installed onto my flash memory in a logical PS3, the update is showing in the Configuration Menu's "Play Station Store" section, as PSN 4.84.5, but when I select "Download" nothing happens. Rebug update to 4.84.5, REBUG 4.84.5 REX, REBUG 4.84.5 REX PS3UPDAT.PUP. Jul 4, 2020 - REBUG 4.84.5 REX . Rebug 4.65.2 Rebug 4.65.2 is the latest CFW Rebug version, also known as L3E3 17-17-2019 Rebug 4.65.2 Rebug 4.65.2 is the latest CFW Rebug version, and this is the one I recommend, as it is the latest available, meaning that the updates available (e.g. add-on games, etc.) will be the most recent (as of this date), and it is tested version I recommend for everyone's sake.
